### Invitation to Inquiry Reflection

How are all of the activities connected to each other? They are all about ecosystems. They are also like thinking games you can't just do anything.

What do you think is our new central idea? The new central idea is about ecosystems because the activities were about it.

What is an activity that you liked in our invitation? What you would like to learn more about? I would like to learn more about colouring world one because you get colour different and after that you get to learn the weather in different places.
